D. Research Support

Ongoing Research Support

P30-CA16086	(Earp, PI)	12/1/10 -11/30/15	1.2 calendar months
National Cancer Institute		\$219,061	

Cancer Center Core Support Grant- Program Leadership

Program funds to support the leadership of nine programs as part of the Center's strategic emphases over the next five years.

P30-CA16086	(Earp, PI)	12/1/10-11/30/15	.6 calendar months
National Cancer Institute		\$151,141	

Cancer Center Core Support Grant- CHAI Core

Core Facility to provide services to Center, in particular, investigators in the Population Sciences.

1U48DP001944 (Campbell, PI) 9/30/09 - 9/29/14 .96 calendar months
Center for Disease Control \$244,485

UNC Center for Health Promotion and Disease Prevention - Seeds of HOPE

A community based participatory research health promotion project.

5RC1MD0004447-02 (Campbell, PI) 9/24/09-08/31/12 .96 calendar months
NIH \$360,574

UNC Center for Health Promotion and Disease Prevention- HOPE Accounts

This is an innovative intervention approach to address obesity among low-income minority women in rural North Carolina. Through Individual Development Accounts (IDAs), matched savings accounts for low-income individuals, provide financial assistance for a micro-enterprise, further education, or home ownership.

P30 DK56350 (Zeisel, PI) 04/01/06 - 3/31/16 1.5 calendar months
NIDDK \$127,895

Clinical Nutrition Research Center: CHAI Core

Dr. Campbell is the Core Director of the CHAI Core, which supports clinical nutrition research.

No Number (Campbell, PI) 01/01/08-12/31/12 .96 calendar months
Lance Armstrong Foundation \$400,000

UNC-LAF Center of Excellence in Cancer Survivorship

This center is dedicated to meeting the needs of cancer survivors.

1-R01-HL091093-01A1 (Ward, PI) 7/1/08-6/30/13 .36 calendar months
NIH \$493,393

Healthy Child Weight Through Improved Parent Practices and Environmental Change

Study of intervention to make life-altering changes in parent and child behavior that will result in reduced body fat.

University Cancer Research Funds (Earp) 7/1/11 – 6/30/12 .33 calendar months
NC Legislature

This is a one year supplement for work directed to appropriate utilization of these funds.

University Cancer Research Funds: CHAI Core (Earp) 7/1/11 – 6/30/12 .66 calendar months
NC Legislature

This is a one year supplement for work directed to appropriate utilization of these funds within the CHAI Core.

1U01HL103561-01 (Stevens) 9/1/10-8/31/17 .60 calendar months
NIH/NHLBI \$3,478,221(total direct all years) \$524,264 total direct year 1

Childhood Obesity Prevention and Treatment Research Coordinating Unit

Establishment of a Resource Coordinating Unit (RCU) to support and enhance the work of the Childhood Obesity Prevention and Treatment Research Consortium. The RCU will coordinate research activities and collaborations among awardees to maximize the synergistic effect of multiple investigators working on different projects all designed to improve the health of children through obesity reduction.

1-UO1-CA114629-01 (Godley, PI) 10/1/10 - 9/30/15 .60 calendar months
National Cancer Institute \$32,000

Carolina Community Network- Education Core

This Center focuses on community based participatory research to decrease cancer disparities in minority populations.

1-R01-CA124400-03 (Campbell, PI) 9/28/06 - 7/31/2011 1.8 (in kind)
NIH/NCI \$332,494

Dissemination of a Weight Management Program among US Veterans

The purpose of this proposal is to conduct research to study the dissemination and implementation of /MOVE!/ (Managing Overweight/Obesity for Veterans Everywhere). MOVE! is a national weight management program for veterans that is moving from pilot to full dissemination this year.

1T32CA128582-01A2 (Campbell, PI) 9/1/09-8/31/14 .35 (In Kind)
NIH/NCI Total direct (all years) 753,714

Cancer Health Disparities Training Program

Educate and train talented scientists to become future leaders in cancer health disparities research by providing postdoctoral training slots.

PENDING/OVERLAP

R01 proposal (Frederickson, PI). 04/01/201-03/31/2017 .12 calendar months
NIH \$3,289,179
Promoting healthy midlife lifestyle change through positive emotions.
